summary

I am a target-driven student with a record of academic success, eager to add value to quality-focused development team while pursuing Computer Science at University. I am excited to work and collaborate in a team and ready to adapt to whatever environment I face.

experience

head student representative

- Consistently worked to improve the student learning experience in partnership with the student council by relaying concerns and creating solutions to long-standing problems, particularly working during the pandemic to ensure a fair and balanced examination process.
- Represented the views of students on matters relating to the student learning experience and environment.
- Presented both positive and negative feedback to staff at relevant meetings.
- Relayed difficult key messages from the school to students in a sensitive and empathic manner.
- Helped in the planning and participated in various charity engagements and community outreach incentives.

digital resource author

- Designed a consistent array of resources for A level and GCSE with an appealing but effective design aesthetic.
- Marketed and Promoted product with effective search engine optimisations and effective visual communication.
